

## Membership Fees

Category	Subscription fee (per annum)
Individual member	JPY5,000
Student member	JPY2,000
Retired member	JPY3,000
Institutional member	JPY30,000
Corporation or industry member	JPY75,000

For registration and payment details, please visit the APCMfi website  
<http://apcmfi.org/>

## Management

### Chair

Masato Wakayama, Kyushu University, Japan

### Secretary

Alexandra Hogan, Australian National University

### Treasurer

Bob Anderssen, CSIRO, Australia

### Newsletter and Communications

Graeme Wake, Massey University, New Zealand

### Other Council Members:

Zainal Aziz, Universiti Teknologi Malaysia

Murray Cameron, University of Technology Sydney

Roger Tan, National University of Singapore

Yichao Zhu, Hong Kong University of Science and Technology

## To be a Member

Please go to the website

<https://apcmfi.org/membership/>

## Contact

Institute of Mathematics for Industry (IMI),

**Applications +  
 Practical Conceptualization +  
 Mathematics =  
 fruitful Innovation**

**APCMfi**

Asia Pacific Consortium of  
 Mathematics *for* Industry

State of August 2015

## Our Goals

The development of mathematics and its applications to enhance the quality of life, improve industrial mathematical research and stimulate the two-way interaction between mathematics and industry in the Asia Pacific region.

## Membership Benefits

- APCMfI electronic newsletter about events, conferences and activities
- No registration fee for APCMfI members at the Forums Mathematics-for-Industry (FMfI)
- Reduced fees for selected conferences and workshops
- Voting at society elections
- Free printed copy of the "Pacific Journal of Mathematics for Industry "(PJMI)  
\*"Pacific Journal of Mathematics for Industry (PJMI)" Open access journal  
<http://www.springer.com/mathematics/applications/journal/40736>
- Favorable discount for "Mathematics for Industry Series (Springer)"  
<http://www.springer.com/series/13254?detailsPage=titles>
- Free use of APCMfI banner and link to APCMfI official website
- APCMfI student poster awards and funded internship exchanges

## Planned Activities

1. Internships for graduate students and undergraduate students
2. Regular Mathematics-for-Industry Study Group (MfISG) meetings
3. Regular Mathematics-for-Industry Forums and Workshops
4. The exchange of information and publicity materials related to industrial mathematical activities
5. The organization of joint lectures and programs
6. Fostering of the two-way interaction between applications and mathematics
7. Stimulating interaction between *"mathematical and statistical colleagues and institutions"* and *"the needs and opportunities of industrial mathematics"*
8. The identifying an international project
